Springer, the Wife Murderer Arrested at Last.

BARTLETT SPRINGS FOR SALE.

Land Troubles Cause a Tragedy at Calistoga—Spring Races at San Francisco.

Associated Press Dispatches to the HERALD. Special Dispatch to the HERALD. TUCSON, April 15.—A Star's special from Globe says: The supposed William Springer, charged with the murder of his wife in Colton, Cal., on January 4, is in custody here. The man now under arrest answers the description given by the Sheriff of San Bernardino county.

THE BARTLETT SPRINGS

To Be Sold at Public Auction in June.

LAKEPORT, Cal., April 15.—The partition suit brought by the estate of McMahon against Bartlett, joint owners of the Bartlett's Springs, came up in the Superior Court to-day, and on application of the plaintiff's attorneys the court granted an order to sell the celebrated Bartlett Springs property, situated in the northeast part of this county. The sale is to be at public auction, June 2, 1887.

A DOUBLE TRAGEDY

Caused by Bitterness Resulting From a Land Controversy.

CALISTOGA, Cal., April 15.—About 9 o'clock this morning a man named Turner approached J. W. Roberts who was hoeing in his garden and said: "I am going to kill you." Scarcely had he finished his warning when he fired two shots from a revolver, both of which took effect in Roberts' body. Turner then shot himself in the head and almost instantly expired. A doctor who was immediately summoned, attended the wounded man and pronounced Roberts' chances for recovery very slight. His wife and children are nearly frantic with grief. Turner leaves a wife and several children. The circumstances which led to the shooting are as follows: Roberts, some time ago, had his ranch surveyed and it was discovered that a portion of the land claimed by Turner, who owned the vineyard adjoining, belonged to Roberts. Since then Turner has had a bitter feeling towards Roberts.

SPRING RACES.

A PREMATURE BLAST.

Six Men Killed and Seven Wounded in a Colorado Mine.

VENA VISTA, Col., April 15.—At 5 o'clock last evening a premature blast killed six men and wounded seven at the camp of Kynor, Higby & Bernard, while working in the sixty-foot cut on the Midland grade, near Buena Vista. A twenty-foot hole had been put down to blow off the face of the cut, and sprang with twenty kegs of blasting giant powder. The foreman was blowing the charge, and when he had filled in ten kegs the charge was prematurely discharged, throwing masses of rocks into the cut, where thirteen men were working, instantly killing six and wounding seven. Some claim that the explosion was caused by the men lighting a pipe with an iron bar. There are conflicting statements, however, in this respect.

KNIGHTS OF PYTHIAS.

Charters Granted to a Number of Coast Lodges.

SANTA ROSA, April 15.—At the session of the grand lodge of the Knights of Pythias to-day a per capita tax of 80 cents for the year was levied. Charters were granted to Sierra Lodge No. 136, Sierra City; Colton Lodge No. 137, Colton; Fresno Lodge No. 138, Fresno; Hill's Ferry Lodge No. 139, Hill's Ferry; Lake Elsinore Lodge No. 140, Elsinore; West Oakland Lodge No. 141, Oakland; Mount Hamilton Lodge No. 142, Santa Clara; Summit Lodge No. 143, Summit; and Magalia Lodge No. 144, Magalia.

A POPULAR PREACHER.

The Presbyterian Church of Los Angeles Wants Him Back.

SAN FRANCISCO, April 15.—On the reassembly of the United Presbyterian Presbytery to-day, the matter of Rev. J. M. Harvey's being returned to Los Angeles was taken up. On a vote being taken, the Presbytery decided to grant the request of the congregation and to send him back for another year.

Arrest of a Supposed Pete Olsen.

YREKA, April 15.—A man has been arrested at Fort Jones answering the description of Pete Olsen, Mrs. Lyons' murderer. His clothes compare, but are not ragged. He has a scar under the left eye, which he claims was caused in going through the brush, but it looks as if it had been caused from a burn or blow. He has a bald spot on the back of his head the size of a quarter.

Short of Coal.

SAN FRANCISCO, April 15.—The steamer City of Topeka, with ballast and stores and thirteen passengers, bound from San Pedro to Tacoma, put into this port to-day to procure a supply of coal.

INCORPORATED.

The Seattle and West Coast Railway Company.

SEATTLE, W. T., April 15.—Articles of incorporation of the Seattle and West Coast Railway Company have been filed. The objects for which this corporation is formed is "to construct and equip a railroad and telegraph line from Seattle, W. T., by the most practicable route to such a point on the northern boundary line of the United States as may prove most convenient to effect a junction with the Canadian Pacific Railway." The line of the Seattle and West Coast Railway will run from the junction of the Seattle and Eastern railway, a few miles from this city, north, in the direction of Snohomish and Whatcom. The survey has been completed to the British boundary. The capital stock of the corporation will be \$1,000,000, divided into 10,000 shares. The officers of the company are Henry Crawford, Jr., President; Henry Crawford, of Chicago, Vice President; W. J. Jennings, Secretary and Treasurer. The offices and principal place of business will be at Seattle.

The National Opera Company.

SAN FRANCISCO, April 15.—Mr. Seymour Locke, of the National Opera Company, received to-night from Cheyenne a dispatch from his brother, Chas. Locke, general manager of the company, stating that the full company will arrive here on Sunday morning. The company is the largest which has ever come to the Pacific Coast. The train consists of thirty cars, composed of nineteen baggage, seven Wagner sleepers, three day coaches and one observation car. It is divided into four sections. The troupe comprises three hundred persons. The sale of seats which began last Monday has continued throughout the week, and the receipts from advance sales are already so large as to guarantee a prosperous season.

Acquitted of Felony.

SAN FRANCISCO, April 15.—George W. Tyler, charged with procuring the affidavit of an incompetent person, Mrs. Isabella Clarke, for use in the Sharon case, was acquitted by the jury yesterday after a ten minutes' deliberation. The evidence failed to show that Mrs. Clarke was mentally incompetent at the time the affidavit was taken.

A Grocer Shoots Himself.

SAN FRANCISCO, April 15.—Charles Karston, a grocery proprietor, committed suicide this morning by shooting himself in the head with a single shot pistol. Financial troubles are understood to have been the cause of the deed.

A Fool Pardoned.

PORTLAND, Ogn., April 15.—Governor Penneyer, has pardoned E. W. James, who accidentally shot and killed Mrs. Julia A. Newton, at Albion, while pointing a gun to scare her, for which he was convicted of manslaughter and sentenced to one year in the penitentiary.

A Schooner Reported Safe.

SAN LUIS OBISPO, April 16.—Joe Smith, a fisherman who lives near Cave Landing, has just come in from the beach and reports that he, with another fisherman, has the schooner Joshua Grindle anchored out on the bay.

FINANCE AND TRADE.

A Review of the Day's Transactions.

NEW YORK, April 15.—The stock market to-day was the dulllest for the past two weeks. It was feverish and unsettled, but on the whole heavy. The market was weak opening, first showing a decline of 1/8 of a cent. The market showed feverishness and irregularity. Prices were generally heavy, however, over the entire list; a decline was continued until nearly noon, when a better feeling was apparent, but the market became decidedly dull. A period of comparative stagnation of prices ensued which lasted until about 1 p. m., when another general decline was effected. The market closed with a rally, however, quiet and steady. Government bonds are dull and steady.

THE EAGLE CORP.

Court Martial Report on Major Russell's Accounts.

For some time past there have been rumors concerning the manner in which the financial affairs of the Eagle Corps or Seventh Infantry Battalion were conducted and charges were made against the Major, W. H. H. Russell. As these charges were made by a Lieutenant—McNamara—they could not be considered. Major Russell, however, came in and demanded an investigation of the charges and Brigadier General Mathews appointed Major Stern, Bonbrake and Stephenson as a Court of Inquiry. This court has been in session for some days and examined many witnesses and yesterday presented the following report to General Mathews:

REPORT OF THE COURT.

To GENERAL J. R. MATHIEWS: The Court of Inquiry appointed by you to inquire into the financial condition of the Eagle Corps (Seventh Infantry Battalion), their property accounts, and such other matters pertaining thereto as related to the good of the service, and to present their report of their deliberations.

The greatest difficulty which is presented to this court is their inability to report a result of their inquiry which can be considered satisfactory to themselves or to any one else.

In the first place, no one appeared to testify before this court as to the manner in which the accounts of the Eagle Corps were kept, and the court was unable to obtain any information from the accounts of the Eagle Corps as to the manner in which the accounts were kept.

There was one fact which was proven to the satisfaction of the court, and that was that the sum of eleven thousand two hundred and thirteen and 30/100 (\$11,213.30) dollars had been received by the Eagle Corps from the sale of the accounts of the Eagle Corps.

Major Russell presented an account to the court showing that the sum of eleven thousand two hundred and thirteen and 30/100 (\$11,213.30) dollars had been received by the Eagle Corps from the sale of the accounts of the Eagle Corps.

Our Santa Paula Letter. EDITOR HERALD:—The advancing season brings to Santa Paula and vicinity increased activity, greater interest in improvements of a permanent nature, more of a demand for real estate and increasing population. This state of affairs, so pleasant for our residents to contemplate, strengthens the hopes of those who have confidence in our future. Stability characterizes the improvements now making and to be made, and this may be said of all the towns of this county, but more especially those situated along the line of the railroad.

Here in Santa Paula we note the completion of a fine two-story depot, the regular daily arrival on schedule time, of passenger and freight trains from Los Angeles; the erection of eight or ten new houses; the commencement of the work of putting together of a monster iron tank to hold 36,000 barrels of oil for Harrison, Stewart & Co., and the prospect of the building of several business houses in the near future. Among these will be a two-story brick iron front, for the oil company, and another brick building for stores.

This place is still the terminal station of the Newhall extension of the S. P., though tracklaying has progressed to a point west of Satecoy. How soon the line will enter Ventura is a conundrum no one but railroad officials can solve. Very few rails pass over the road to the front. Meanwhile there is considerable travel through our town; three or four stages from Ventura, one or two for Santa Barbara and one or more for the Ojai valley, take passengers to their destination upon the arrival of trains. The one hotel in the place is overcrowded.

Many improvements, of a very substantial character, are being made in Ventura, and that town is taking forward strides. New life is being infused into business circles, and not only the people of that town, but those of other localities of this county are trying to profit by the experience in Los Angeles county in booming real estate. All right, if confined within limits of truth and sound policy, though in these rushing times, moral if not legitimate bounds are once in a while, encroached upon. The fact is potent that there is a large scope of valuable country not yet fully opened up, that will some day be thickly settled.

Linked together as are Los Angeles and Ventura counties their common interests are more and more apparent as the years pass, jealousies, in greater or less degree, ought not for one moment to be indulged in. Hereafter, and at the present time to a great extent, our supplies have come from San Francisco, but not long hence we shall turn our eyes toward Los Angeles, and your merchants, reaching out hitherward, will, by wise management, secure a large trade in this county. It is a true, if a trite, saying that water finds its level. Generous showers of late have brightened the crop prospects and farmers are plowing and planting with renewed confidence. The total rainfall for the season at this place is about fourteen inches and there is a prospect of an additional downpour. Grain looks well and is growing fast. Considerable corn was planted a week ago, and more beans will be planted this year than last season. Corn and beans are favorite crops with our farmers, and profitable ones withal. Orchard promise a large yield. The hay crop will be up to the average.

Very little interest was taken in the special election of the 12th inst., and a light vote was polled. We are inclined to think none of the amendments except, possibly the third, carried.

ONLY SIX MILES FROM LOS ANGELES CITY LIMITS. ON the Southern Pacific main line to San Francisco—Six Passenger Trains Daily! Side Tracks, Depot and other improvements under progress. An Elegant Hotel and nine business and residence buildings now under contract to be erected in the new town, which has been named

BURBANK,

Now surveyed and laid: streets under contract for grading. WATER IN ABUNDANCE will be piped in front of each and every lot. The town is located on an eminence commanding a view of the entire San Fernando Valley on the north and west, while the city of Los Angeles is clearly perceptible to the south.

The lands embrace both foothill and valley property, and for quality and fertility cannot be surpassed in Southern California, and claimed by all judges to be specially adapted to the growth of ORANGES, LEMONS, LINES, OLIVES and other fruits.

A plat of the town and prices and terms of lots and acres can be obtained at the office of the PROVIDENCIA LAND AND WATER COMPANY, No. 15 Bryson Block, second floor, or of either of the following directors:

T. W. T. RICHARDS, Secretary, Room 15 Bryson Block.

OCCIDENTAL PRESBYTERIAN UNIVERSITY.

PURE AIR IS HEALTH FOR THE BODY! EDUCATION IS HEALTH FOR THE SOUL!

And the opportunity to secure both is rarely offered. It can be found now by buying a lot in the

Occidental Heights Tract!

A subdivision of the donation lands of the great Presbyterian College, whose foundations are now being laid. The

OCCIDENTAL UNIVERS ITY

Situating just outside the city limits, on the east, on a high plateau, commanding most delightful views in every direction. Free from the fogs which prevail in the western portion of the city, and receiving daily a delightful sea breeze uncontaminated by the smoke and smells of the city.

The proceeds of these lots form the building fund of the University, and they are put on the market at a low price to insure immediate sale. The land is level as a floor, situated near the end of Stevenson avenue, which will soon be the most imposing street in the city, and upon which responsible parties are now under bonds to construct a Street Railroad within a short time. The purest soft water may be had at a depth of 30 feet, and arrangements are being perfected for an abundant supply of pure Mountain Water to be piped to the Tract.

It is the intention of the Trustees to open the College for the reception of students next Fall with the ablest Faculty in the State; and the moment its hall is open for instruction the value of these lots will increase five-fold. This is a chance that occurs BUT ONCE IN A LIFETIME. A chance to secure a delightful home, with pure water, pure air, soul-inspiring scenery and the highest possible grade of education at your very door, and all within a short street car ride of the business portion of the city. What can any mortal ask for more? THESE LARGE LEVEL LOTS are for sale from

IT POSSESSES THE

MOST PERFECT CLIMATE

IN SOUTHERN CALIFORNIA.

and commands a view of the entire San Gabriel Valley, one of the grandest in the world. The purchase for the town of Gladstone embraces the property of nineteen different owners, and comprises 525 acres of the most beautiful land that the sun ever shown upon. It will be laid out into business and residence lots, acre lots and five and ten acre tracts, and sold at a fixed schedule of prices, which will be reasonable and liberal. All streets graded, and water, both pure and abundant, piped to every lot. Citrus avenue is laid out eighty-eight feet wide, with a row of beautiful shade trees in the center. This grand

avenue extends from the mountains on the north to Covina and the mountains on the south, a distance of nine miles. It passes through the center of Gladstone, making lots on that avenue very valuable. A lot near the center of the town is reserved for the First National Bank of Gladstone, and a prominent architect of Los Angeles is now preparing plans for the building, which will be of solid granite.

A newspaper is to be established at once and additional buildings for stores and shops erected. The founders of Gladstone own extensive marble quarries near at hand from which can be obtained handsome building stone in unlimited quantities and it is expected that marble and granite will be liberally used in the construction of the new business blocks. They also own a valuable water power independent of the Azusa water, having a fall of two hundred feet, which will be used for generating electricity by which the streets of Gladstone will be lighted and by which the street cars will be propelled. The center of Gladstone is already the established business center for the whole Azusa and is surrounded on all sides by productive land under the highest state of cultivation. Business lots near this center will double in value within a week after the day of sale. The residence

lots are in the midst of beautiful orange, walnut and shade trees, and handsome and stately.

HINDA VILLA,

The charming home of Mr. H. Fuller has been converted into a convenient hotel, where all comers will be entertained at reasonable rates. There is a livery stable connected with the hotel for the accommodation of those who wish to drive about the beautiful Azusa. The lands purchased for Gladstone possess a more valuable water right than those of any part of the State. The source is the San Gabriel river, which is almost constant in its flow, whether the season is wet or dry. Gladstone, situated at the eastern extremity of the great San Gabriel valley, overlooks a scene surpassing in beauty and variety that commanded by any other point—Duarte, Monrovia, Arcadia, Santa Anita, Sierra Madra, Lamanda Park, Pasadena and the great Raymond Hotel are in full view.

Gladstone is located on the lines of two great transcontinental railways, both of which cross the lands of the company. The Atchison, Topeka and Santa Fe road is already about completed, and the construction parties approaching

from the west and the east will meet on the lands of Gladstone on the first day of sale. The San Gabriel Valley road will run excursion trains out on Tuesday, Wednesday and Thursday, the 19th, 20th and 21st inst., landing passengers within a mile of Gladstone, and carriages will be in waiting each day in charge of Mr. Fuller, who will show visitors over the land and return them to the trains without any charge. Trains leave the Downey avenue bridge at 9:30 a. m. each day, and returning leave Gladstone at 3 o'clock p. m., and arrive at Los Angeles at 4:20 p. m.

All of the numerous offers for lots and lands in Gladstone already received have been refused and will be steadily refused until the day of sale, when all shall have a fair and equal chance to purchase at the schedule price. The terms of sale will be 10 per cent. when selections are made, enough to make one-third payment within ten days and the balance in six and twelve months.

DAY OF SALE ANNOUNCED SOON.

Take the train for Gladstone and see the most beautiful part of Southern California.

INSECTICIDE.

We beg to call your attention to an article we are manufacturing for the purpose of eradicating and destroying the

Scale Bug, Harvest Flies, Tree Hoppers, Plant Lice, Etc.

It has been fully tested by the Agricultural Department of the State University, and pronounced a success, the endorsement of which we append. It is put up in convenient forms for use. The chemicals employed in same will not hurt the most tender bush, as has been fully demonstrated. It is put up in liquid form ready for use in barrels and 5-gallon cans, and in paste form in 2 and 5-lb. cans and barrels, which must be diluted before using; therefore, we recommend the liquid form as being the best for use. (Copy of letter received from the University of California, College of Agriculture, Berkeley, dated Dec. 4th, 1886.)

J. N. Knowles, Esq., Manager Arctic Oil Works, San Francisco: Dear Sir—We have lately tested the Insecticide preparation of Whale Oil Soap sent by you to us, and have found it to be very effective against the Scale infesting Orange and Bay Trees; also against the Thrips. From our previous experience with a similar composition, I think it will be found fully effective against any small Insect Pests not specially protected like some of the armored Scales, and against which any Wash short of strong lye cannot be used. Respectfully, E. W. HILGARD, Professor State University.

We ask you to give this preparation a thorough test, feeling confident that it will do all we claim for it. It will cost but a small amount to save your fruit trees and flower plants from the deadly insect. Give it a trial and be convinced. Yours truly, ARCTIC OIL WORKS, 28 California Street. Overland Competition.—There appears to be an outlook for at least some relief from the tremendous freight rates now exacted by the overland railroads. The Atchison, Topeka and Santa Fé Company will, by the 1st of May, have connection with the Gulf, Colorado and Santa Fé railroad. That will give the former road access to Galveston and a line of steamers running to New York. The Southern Pacific, through the Sunset route already has connection with Galveston, and receives freight by the Morgan line of steamers from New York. All the Eastern slow freight now coming from New York by the Sunset route reaches Galveston by water, and the Southern Pacific has heretofore, enjoyed this cheap channel of transportation without competition. But when the Atchison, Topeka and Santa Fé Company perfect their connection and have established a line of steamers from Galveston to New York there will undoubtedly come friction, and the companies will bid against each other for business. This may, and probably will, result in sharp competition between the two lines. In that event there would be a material lowering of freight rates by that route, for the Interstate Commerce law can hardly be stretched so as to interfere with the rates by water from New York to Galveston. The only part of the route over which it would have jurisdiction would be the railroad route between Galveston and California. It will therefore be seen that there is a long free water highway, the rates upon which can be fixed as low as the requirements of competition may force them to. We look forward to a measure of relief from the ruinous rates now charged through the opening of this new competitive route, and therefore hope that there may be no mistake in the assurance now given by the Atchison, Topeka and Santa Fé people that the new connection will be made and the line go into full operation by the first of May.

CHAMBERLAIN is making a most remarkable political campaign in Scotland. His speeches are of the highest sensational order, and, instead of statement, display a power of invective and ribald denunciation rarely paralleled even in the most exciting political campaigns of this country. Having deserted the Liberal party, he for a time became a leader of the Unionists. Now he seems to have left that faction and become a rabid Tory. He out-herods Herod in his denunciation of the Parnellites, and his speech at Ayer was so violent and vindictive that he provoked the indignation of some of his auditors. He made the most sweeping and outrageous charges against the Irish people and threw out the gravest insinuations against the men who sustained Gladstone in his measures granting Ireland a Parliament. He acts like a renegade who, in order to ingratiate himself with his new allies, cannot say anything too bad about the men whom he has deserted. But the worst feature of his anti-Irish crusade is that he indulges in the grossest libels and slanders of the Irish people, and falsifies facts in the face of an indignant public. So deep is the resentment he has provoked that he travels with a body guard to save him from the personal chastisement which his slanders are calculated to provoke. So reckless, defamatory and unwarranted have been his denunciations that he seems to have drawn upon himself the reprobation of all parties. He goes so far that Tories will not dare to endorse him, and the Unionists will have nothing more to do with him. The Gladstonites indignantly denounce him as a turncoat and a falsifier, and the Parnellites will burn him with their fiery invective when he shows himself in Parliament. He has carried his anti-Irish animosity to such lengths that he has disgusted all reasonable men, and is really doing more to create a reaction in favor of Home Rule and to injure the Salisbury government than he could have done if he had remained with the Liberals and devoted his undoubted talents to the furtherance of Gladstone's programme.

The business men and bankers of San Francisco are aroused about the effect of the Interstate Commerce law upon the interests of this coast. They have addressed earnest telegraphic messages to the Commissioners. Wm. T. Coleman & Co. and Castle Bros. say it will work irreparable ruin to our vineyards, fruits and salmon interests, and beg them to give it a liberal interpretation to save us from impending disaster. The principal banking institutions ask that a suspension of the long-haul clause may be temporarily suspended until the facts of our position can be placed clearly before the Board. As the overland railroads seem to have done nothing toward petitioning the Commissioners to suspend the fourth section of the law, the leading business people of California must act themselves. Now let the merchants and bankers and fruit raisers of Los Angeles take concerted action to supplement the representations of the San Francisco merchants to the Interstate Commerce Commissioners. No time should be lost in making our case known to them. Every day's delay adds to the difficulty of our situation.

A most disgraceful scene occurred in Justice Taney's Court yesterday. Two lawyers were allowed to turn the court into a cock-pit, and the vilest language was permitted to offend the ears of all present, without the Court making the slightest effort to uphold its dignity. We doubt whether so disgraceful a scene was ever before witnessed in a court of justice in all Christendom. That Justice of the Peace (what a misnomer in this case?) ought to receive a medal for his tameness and want of dignity.

FRUIT GROWERS.

The final session of the semi-annual Fruit Growers' Convention under the auspices of the State Board of Horticulture, was held on Thursday, at Riverside. The committee on exhibits mentioned with favor the display made by N. W. Blanchard, of Santa Paula, who had twelve plates of lemons and oranges. One of the largest exhibits was made by Griffin & Shelly, who displayed a pyramid of seedlings, paper lined, St. Michaels, Washington Navels and Maltese Bloods. The Cold Storage Company exhibited a large quantity of fruit ready for shipment. The following exhibitors were also mentioned: B. B. Barney, D. Battles, W. P. Russell, P. Clifton, J. E. Cutter, N. B. Ogden, E. W. Holmes, Stephen Volk, G. W. Garcelon, Mrs. M. Emery, Mrs. J. G. Gill, S. L. Kue, D. Coddington, H. Moore, P. C. Coombs, N. E. Kingsley, H. C. Pals, The Colton Marble and Lime Company and Gratz Brown.

The committee on varieties of fruit for profit consisted of E. W. Holmes, A. Scott Chapman and N. E. Peck. This committee discussed the subject with the members of the society and Mr. Holmes urged the devotion of localities to specialties in which they excelled. He thought the Lisbon Lemon was the most reliable to plant. Mr. Wilcox thought that every locality ought to experiment until it was found that it succeeded best in raising that. Messrs. Klee and Wilcox advocated the white Adriatic fig. Dr. Chubb thought that the growers should control the eastern raisin market in the future as well as the orange and lemon. Mr. Holmes told of the White Peach, fig being grown profitably. Dr. Chubb advised the planting of walnut trees and of small fruits, especially the tomato. The committee appointed to examine the question of cold storage filed a long and interesting statement signed by L. A. Holt, O. F. Chubb, Nathan W. Blanchard, A. Wilcox and W. B. Ewer. The report described very fully the process and the purposes for which it is used and also cited several instances of experiments which had been made. The committee closed by saying: "Cold storage in our opinion revolutionizes the fruit industry of the Pacific coast. It will enable the producer to ship his fruit by slow freight at \$200 a car instead of paying \$500 a car for express time. Here is a saving of \$300 a car less cost of treatment, thus reducing the risk of shipment, thus enabling the selling of fruit at a lower figure to the Eastern consumer, and it will place choice California fruits within the reach of the Eastern masses instead of the wealthy few. We commend the system to the careful study of the fruit-growers of the State." The Convention tendered a vote of thanks to L. M. Holt, of Riverside, and B. M. Lelong, of San Gabriel, and then adjourned sine die.

BRIDGE INVESTIGATION.

All the Testimony on Both Sides New In.

The Kuhn's street bridge matter came up again last night before the special committee. Mr. Jones in the chair and Messrs. Collins and Bret and Mayor Workman present.

Mr. F. Eaton was recalled and stated that copies of the plans for a thirty-foot bridge were filed with the Clerk. The paper filed was not a specification, it was only a design for the bridge. The "note" were filed after that. Mr. Swaggart got his bill of quantities out of witness' book. The one he figured on was the one which was estimated at \$12,500. The bridge was let on the San Francisco Bridge Company's plan.

Mr. Eaton, continuing, said: The plan adopted by the Council is the same which was sent to the bridge companies. But the bridge let by the Council is not the same as the plan, because the notes make provision for sidewalks, which are included in the bids.

Mr. Meyer: The notes are the things the bridge companies should bid upon and not the plans.

Mr. Eaton: The estimate of \$13,500 was made fully a month before the notes. The specifications the bridge company bid upon were made upon the notes and the plans combined. The notes made provision for sidewalks which were not in the original plans. The additional cost was about \$2500 over the original cost, which would bring the cost up to about \$15,000.

Mr. Stearns examined Mr. Eaton and Mr. Meyer in relation to certain figures in the estimate of a month before the notes. Mr. Ledbetter stated that he had estimated the cost of the bridge at \$13,000. He did not pretend to be an expert at iron bridges. He figured the lumber and had some one else figure on the iron. He thought the plans were the

ones on which the contract was let. He did not recollect how much the iron cost. Mr. Swaggart had the iron furnished the figures on the iron. Witness stated that he would build the bridge now for \$14,000.

James Reynolds stated that he was a bridge builder. He had estimated the cost of the woodwork. An iron man had furnished the figures. The total cost of the bridge, according to his figures, was \$13,200, including everything the specifications called for. He was willing to build the bridge now for that amount. He did not bid on the bridge when it was advertised. Mr. Swaggart had estimated on the iron for him. Witness had figured the actual cost of the bridge at \$12,142.

Mr. Stearns stated that Mr. J. J. Swaggart was the Vice-President of one of the largest bridge companies in the United States.

C. V. Hausman testified that he had seen all the plans and specifications. He had not figured the prices, only the quantities, which he gave upon request. Bridge iron always costs more than ordinary. The aggregate of iron would be \$90,000. The lumber he estimated at \$129,543 feet.

Mr. Collins stated that these matters were not important, and he hoped that other testimony would be introduced.

Mr. C. Willard testified that he was a member of the Bridge Committee. He had recalled principally upon what Mr. Eaton had told him about the bridge. He had explained to witness about the changes, and he had recommended the changes. The changes were made before the report was signed. The changes were also explained to Mr. Lambie.

Mr. Stearns said he had only the intention to show that there was an extraordinary amount of profit in the letting of the contract. There would not have been such a big made without there being an understanding between the bidders. If the bids were to be advertised again the bids would show whether there was anything wrong or not. As far as he was concerned, he would take the consequences if he had done anything wrong. Mr. Eaton stated that he was satisfied he was right, and that Mr. Hausman would admit that he was right upon consultation.

Adjourned to the call of the chair.

Making Towns Attractive.

Henry C. Bowen delivered a brief, practical and suggestive address the other day, closing as follows:

"The time is coming, and is not far distant, when the people in all these New England towns and villages will organize and go systematically and joyfully to work in making public improvements. Those places which move the most will reap the earliest and greatest reward, for they will gain in popularity the most, and the most enterprising and healthy, and make permanently secure their prosperity. Real estate will increase in value, taxes will decrease because of the increased value of property and of population, and everybody will be made happier and better by the change. It is time to think of the improvement of your public streets and highways. It is time to think of sidewalks and shade trees all along your highways, of public parks and fountains, of bathing houses and boat houses, of flower and shrubbery, of grading and leveling, of doing everything in your power to make all these beautiful hills and valleys and blossoms as the rose, and be more and more your pride and joy. In this good work you must be united, harmonious and persevering, and the blessed and yearly investment of time and money you will make will pay you a dividend every day of the year round and all your life long, and thousands shall share in your investment when you are dead and forgotten. Let every man, woman and child do something in this matter, and do it promptly. You can at least plant an elm or rose bush every year, and you will not have lived in vain. A single word more under this head. I hope the time will speedily come when it will be called a punishable offense for any man to make the public highway a depository for all his old broken cars and stone heaps, and old rubbish from his garret and barn, from cellar and dooryard. Such action is harmful, demoralizing and a public nuisance, and it should be rigidly forbidden and prevented. You have the power thus to do, and I hope you will have the disposition to enforce it. It is for the public good that this should be done, and that is reason enough. And hereafter, if a man wants a nuisance, let him have it in his door yard, where he can see it, ponder over it, and smell it every day, all by himself. Those towns and villages will most prosper which fastest multiply their local attractions. You will all, of course, vote for schools, churches, and workshops, and this is right; but you must march onward beyond these points as fast as you can with a proper regard to other duties. Look out for public institutions and endow them. Look out for your streets and highways and improve them. Make your town, your village, your farm and your home more beautiful every year. Your hearts will be made better, and your souls will be richer for so doing. Pardon this friendly criticism, and accept my best wishes for your continued prosperity."

A Dollar a Vote.

The price of votes in Maine some ten years ago averaged about \$20. Last year Felton's agents in San Francisco, according to the testimony, were in the habit of paying \$2.50. No convictions were secured, this evidently being considered a fair rate by the authorities. But when some of the "scab" in Oakland undertook to break down prices by selling his vote for \$1.50, justice felt outraged and the fellow was convicted. Yet the bottom was not then reached, and it is reserved for Kansas to get down to the dollar limit. Women there now vote at municipal elections, and quite recently the Republican nomination for Mayor of Topeka was secured by the voting of negro women at the primaries, who were paid one dollar each. "Bleeding Kansas" is ahead on cheap votes—unless it is claimed that black women at a primary are worth less than white men at an election. The result, however, is the same, the Republican nomination in Topeka being doubtless equivalent to an election, while color makes no difference in results. If, under the auspices of Felton and his like, Chinese competition should be let in, we may expect in time to see the figure come down to "two bites," when California will again take the cake. [San Jose Times.]

Our Best.

Southern California is now drawing largely upon Arizona for her beef supply. Scarcely a day passes that from one to half a dozen carloads of beef cattle are not sent in from Arizona stock ranges to feed beef-hungry Southern Californians. The demand upon us is destined not only to continue but to increase. The subdivision of the large ranches of Southern California has practically put a stop to stock-raising. Arizona stockmen should make judicious preparation to meet the increased demand upon them. Large alfalfa fields should be inseparable adjuncts to every stock farm, and a united effort made to improve the grade of the stock. [Arizona Sentinel.]

The Yosemite.

The Yosemite road is open. A few tourists have already visited the valley this season. Several persons engaged in business at the valley during the summer reside at Merced through the winter. It is expected that the travel to Yosemite will be large this season. Washburn & Co. have increased their staging outfit. All their stages damaged by the recent snowfall have been fully repaired. Many parties from Merced will visit the valley this season by private conveyance, and camp out during their trip. The heavy snowfall of the passing winter insures picturesque scenery at Yosemite this winter. [Merced Express.]

Pure Pie.

If we are to have a Pure Pie bill, why not also a Pure Pie bill? Let us prohibit the flavoring of apple pie with quinine or cloves, or the admixture of red currants with raspberries, and let the placing of slices of apple pie of blackberry be a misdemeanor, punishable by a fine of \$250 or imprisonment for a period not exceeding three months. [Report.]

In Town and Hamlet.

The seeds of intermittent and bilious remittent fever germinate and bear evil fruit. No community has altogether escaped it. In populous wards of large cities bad sewerage causes it, and in their suburbs stage-napoleon in stables breed it. There is at once a remedy and a means of prevention. Its name is HUNT'S REMEDY, which is, without peradventure, the most potent antidote in existence to the malarial virus. Fortified with this incomparable, saving specific, miasmatic influences may be encountered with absolute impunity. Bowels, begotten by miasmatic-tainted water, or any other cause, steeped in the beneficent corrective named, and rheumatic, kidney and bladder troubles are surely removable by its use when it is given a persistent trial.

Abdominal Ointment.

ABDOMINAL OINTMENT is put up in two ounces tin, and is a most valuable remedy for all cases of indigestion, flatulence, and all skin eruptions. It will positively cure all cases of indigestion, flatulence, and all skin eruptions. Ask for the Original Abdominal Ointment, in two-ounce tins, at all drug stores, or by mail from J. R. GATES & CO., Proprietors, 117 Sansome St., San Francisco.

Manhood.

RESTORED REMEDY. A victim of youthful imprudence, causing premature decay, loss of manhood, etc., having covered a "simple" and "sure" remedy, has discovered a "simple" and "sure" remedy which he will send FREE to his fellow sufferers. Smallpox.

"A member of my family was taken down with the smallpox. I immediately commenced to use Dr. Ross's Proprietary Fluid. It kept the atmosphere of the room pure and fresh. The patient was greatly relieved, and never for a moment delirious; was not pitted, and was about the house again in three weeks, and no others had it."—James W. Parkinson, Ed. "The Caterer," Phila. Pa.

Cure for Piles.

PILES are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding and itching piles yield at once to the application of Dr. Ross's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, alleviating the intense itching, and effecting a permanent cure. Price 50 cents. Address the Ross & Co. Medicine Co., Figs. O. Sold by E. F. Heintzman.

Starting but True.

WILLIS POINT, Texas, December 1, 1885. After suffering for more than three years with disease of the throat and lungs, I got so low last spring I was entirely unable to do anything, and my cough was so bad I scarcely slept any at night. My Druggist, Dr. Ross's Cough and Lung Syrup, I found relief, and after using six bottles, I was entirely cured. J. M. WELDEN. Sample bottle 5 cents at C. F. Heintzman.

Cure for Sick Headache.

For proof read Dr. Gunn's Improved Liver Pile cures Sick Headache, ask your Druggist for a free trial package. Only one for a bottle. Bottle also boxes 25 cents. Sold by C. F. Heintzman.

Beauty and Influence.

A wife, mother or daughter should strive to be beautiful, for it increases her power for good, yet many impose upon us a rough, sallow and repulsive complexion, when a single application of Cameline will remove all defects. Cameline, white or pink, price fifty cents.

A Good Nurse.

Should not hesitate to wait upon those ill with such diseases as Smallpox, Cholera or Scarlet Fever. There is little to be feared by persons waiting on the sick if they will use Darby's Proprietary Fluid freely. In sick-room it should be exposed on a plate or saucer, and the patient sponged with the Fluid diluted. For safety, cleanliness and comfort in the sick-room the Fluid is indispensable.

When baby was sick, we gave her Castoria.

When she was a Child she cried for Castoria, When she became Miss, she clung to Castoria, When she had Children, she gave them Castoria.

A NASAL INJECTION free with every bottle of Shiloh's Catarrh Remedy.

Price 50 cents. C. F. Heintzman, agent, Los Angeles. IMPOTENCY in Man or Woman cured by Gilmore's Aromatic Wine. C. F. Heintzman, agent, Los Angeles.

LADIES, is life and health worth preserving?

DAILY HERALD.
THE FLOWER FETE.Fourth Day of the Great
Annual Exhibit.

THE PUBLIC SCHOOLS.

Good Attendance Last Night and a
Finer Display of all Sorts
of Flowers.

The Flower Festival was last night a great improvement, both in numbers and display, over the previous evening. In spite of the storm the supply of all sorts of flowers was very good, both in quantity and quality. The Pavilion was well filled by a most interested gathering of people who feasted their eyes with great enthusiasm on the many scenes of fairyland at the several booths. The space available in the HERALD this morning, after giving the list of contributors, is devoted mainly to:

THE PUBLIC SCHOOLS.

There is a fine collection of designs in ornamental and industrial drawings by the various classes. They are all original, and many of them reveal a great deal of talent in designing. There are scores of really meritorious pieces of work in the exhibit. The execution is generally very carefully and efficiently done. The High School classes in English studies present papers on "The Lay of the Last Minstrel," in which a synopsis of that work and some criticism are given. Many of these papers are illustrated by the writers, and the design betrays a high degree of taste in the line of the beautiful or the comic. Some of the caricatures are really good. Below is given a brief synopsis of the work of the class:

The English course in the High School is continued during four years, and consists of critical studies of the works of some of our standard English authors. The work exhibited at the Flower Festival is the regular work of the school. The sub-juniors have made an analysis of the second canto of Scott's "Lady of the Lake." The pupils of this class are Xora Avery, Daisy Austin, Isabel Ardito, Alice Allen, Gertrude Behrendt, Marguerite Cohn, Anna Desmond, Lillian Edman, Cora Foy, Rosa Harris, Charlotte Knock, Mary Mansfield, Lena McDougall, Bessie Marshall, Nellie Boyce, Mabel Oria, Ada Quinn, Mary Smith, Eva Lee, Edith Field, Louise Carter, Anna Pendleton, Nellie Offenhach, Mamie Offenhach, Nellie Oliver, Lottie Pankham, Clara Weil, Bessie Wickesham, Ida Hathaway, Agnes Sabine, Joe Bumiller, Will Stearns, Frank Green, Will Sheldon, Russ Avery, Frank Stevenson, Allie Tuthill, Ralph Klages, Walter Klages, Walter Miller, Richard Sullivan, Rea Maynard, Sam McKinley, Floyd Watson, Newton Holland, George Fitch, Durell Draper, Ben Johnson, Norman Martin, Dan Harrison, Henry Hay, John Halzlip.

In making the analysis, the time, place, character and events are given, with a description of some of the main events, and a paraphrase of one stanza. The work is creditable to both pupil and teacher, and the thoroughness characterizes the exhibit. Xora Avery, Minnie Marshall, Eva Lee and Joe Bumiller made very pretty designs for the title pages, and of these Miss Marshall's is especially good.

JUNIOR CLASS PUPILS.

Sarah Bixby, Annie Edwards, Carrie Field, Lucy Fox, Grace Hubbard, Agnes Jacobus, Annie Knox, Fannie Levi, Viola Meyer, Annie Lee, Annie Johnson, Flora Howes, Allie Todd, Lizzie Whitaker, Annie Thompson, Cora Reavis, Laura Noyes, Mattie Meredith, Luther Brown, Fred Colver, Bert Foster, Charles Farrell, George Goldworthy, Bert Green, Frank Houghton, Stevens Halstead, Henry Hay, Sam McKinley, Edwin Lowell, Mark Watson, John Perry, Edwin Van Dyke, Henry Van Dyke, Jesse Richards, Harry Williams, Fred Stephenson, Frank Sarnore, Robert Frick, Homer Kennedy, Walter Newton, Walter Haas, Otto Janssen, Durell Draper.

In the junior class, the next grade of advance, the work presented for exhibition is the regular class work. "A Criticism and Review of Scott's Lay of the Last Minstrel." These papers show a fine appreciation of the merits of the piece, the criticisms showing a great variety and originality speaking of honest work, and a power of analysis that speaks in favor of this branch of study in our High school. The review is made by cantos, selection of a subject, mention of time, place, characters and events, the last including in the scholar's own language, a brief account of the scenes enacted therein. Several of these are also illustrated with original illustrations. Of such were found both artistic talent and humorous appreciation in the papers from Bert Foster, and Frank Sarnore, while for special literary merit should be mentioned the papers of Robert Frick, Stevens Halstead, and Henry Hayan. More might justly be mentioned, but space forbids.

MIDDLE CLASS.

Pernell Johnson, Edwin Howard, Carrie Laux, Burton Hall, Emma Haibes, Daniel Mulock, John Haller, Ed. Mayberry, Abbie Denny, Adda Gish, Mira Jacobus, Stella Haimes, Winn Sanborn, Walter Haimes, Will Waller, Barton Marcia, Leonard Hilpert, Clio McGarvin, Leonard Sheppard, Walter Sanders, Mattie La Dow, Ed. Pauley, Wm. Moody, Edith Shively.

The Middle Class have on exhibition an analysis of the "Merchandise of Venice" in which they have given the subject of each act, with the place, characters and events of each scene. This work is very beautifully done, showing great care and skill. Several of the class have illustrated their works with decidedly original designs, very well drawn. Of these should be mentioned Clio McGarvin and Walter Haimes.

SENIOR.

William Waste, John Brewer, Marco Hellman I, Marco Hellman II, Thomas Foster, Sam Carson, Henry Wilson, Amelia Gassen, Antonia Schwannicke, Mary Hayes, Mary Desmond, Katie Battmore, Birdie Dunkelberger, Hattie Perkins, Maggie Shields, Victorine Dol, Carl Packard.

The senior class have written essays on the life and style of John Keats, suggested by the study of "The Eve of St. Agnes." One reads some of these essays with great pleasure and among them special mention is due to those of Miss Schwannicke, Miss Perkins, Carl Packard, John Brewer and Thomas Foster. The work shows a very forcible and the value of this study in our schools. Some language work of the classes of the Grammar Schools is shown and is much to be commended.

GENERAL NOTES.

Gen. Vallejo, from the town of that name on San Francisco Bay, is a constant attendant at the festival. At the Bulbous booth is a green ixia sent by Mr. G. W. Vallejo. Kate is a great curiosity. The same lady exhibits a bunch of fine ranunculus. The Lemonade stand was taken care

LYNCH VS. VANDEVER.

The Hearing of Testimony Continued Yesterday Morning.

Noberto Valencia testified that he lived on Alameda street. He was at the polls, at the first precinct acting as challenger. Jesus Bilderrain was there that day. He saw Bilderrain take men by the arm and take them to the yard and then bring them back and put them in line. He did not leave until the last one he took to the line would vote. Witness noticed a number of Italians who had been placed in the line by Bilderrain and his aids. Some of those men were challenged. Several told him that they had been paid to vote the Democratic ticket by Bilderrain, Tom McCaffrey and V. Sanchez. No one interfered to prevent the challenge of the procession. Bilderrain said that he worked with plenty of \$20 gold pieces in his pocket and rattled the money at the same time. The workers all said they had plenty of money because the Republicans had nothing.

Cross examined: Was standing at the window of the polls. There was a marshal and a policeman there. He had called the attention of the policeman to the matter. The parties told him that they were paid when they were in the line. "Were you not?" and they answered, "Certainly." He could not see what was done in the yard. There were some Republican workers at that precinct also. He couldn't see from his position whether the voters had received money or not.

D. W. Field testified that he resided in the Second ward. On election day he voted at the court house precinct of the Second ward. He was at the White House precinct about 11 o'clock for fifteen minutes. There was a line of from ten to twenty at that time. The election was going on quietly. Everything was quiet. He saw no attempt to obstruct the voting and did not think there was any unnecessary delay. Voting was going on at about the usual rate.

Cross-examined: Stood there fifteen minutes; did not go back again.

L. J. Thompson, recalled, testified that he had the list of places and persons to whom notices of extension of time were addressed, as follows: Anaheim, H. S. Knapp; Azusa, John H. Nelson; J. T. Gordon; Colton, J. R. Hand; Claremont, J. C. Baum; Downey, J. W. Baster; El Monte, M. S. Wilson, C. M. Bell; Florence, Josiah Russell; Fruitland, J. W. Batchelor; Fair Oaks, C. Monroe; Lancaster, J. G. Wickersham; Lange, Jno. Lang; Long Beach, J. H. Johnson; Los Angeles, San Fernando, H. W. Griswold; San Gabriel, W. T. Slack; Alhambra, C. T. Adams; Santa Ana, C. W. Humphreys, G. E. Freeman; Spadra, A. D. Caldwell; San Juan, R. Egan; Santa Monica, C. C. Twitche; Preston, J. M. Ballard; Westminister, R. T. Harris; Wilmington, John Kennedy; Yorba, J. C. Travis. Those were the ones to whom I addressed the circulars.

Cross-examined: I sent nothing. I addressed them and left them in the mail box. Don't know of any book being sent out on the same day. Don't know on what date I addressed the envelopes. The circulars were in the envelopes. I put them in myself. Don't know that they were ever mailed. Adjourned until to-day because of the difficulty of obtaining witnesses.

Board of Health.

The Board of Health met yesterday afternoon, Mayor Workman in the chair. Health Officer Hagan sent the following communication to the Board of Health: "I desire through your honorable body to congratulate the citizens of Los Angeles on the prospects of speedy relief from the smallpox pest that has prevailed here in some extent for the past two months. In the city we have had no new cases for a period of two weeks. The last quarantine on private residences will be raised on Monday next, and the patients in the smallpox hospital are all convalescent, and I expect to close the building on the first day of May."

The matter of appointing a sanitary officer to inspect buildings in relation to the plumbing and sewerage came up. Mr. Daly said that other cities had such an officer, and this city is getting large enough to have some measures taken to prevent disease. He thought that it might be arranged to have plant inspectors before the permit to build be issued.

Mr. Collins thought that if a man were appointed to force connections with sewers and inspect plumbing, the office would soon pay for itself. Mr. Daly said that in some places in this city the sewer gases were enough to poison the inhabitants. He knew of other cases which would not be permitted in other cities.

Mr. Lovell moved that the necessary regulations be drawn up by the City Attorney as to sanitary plumbing. Carried.

Mr. Daly drew attention to an imperfect ditch on Washington street. He thought that the city ought to remove the nuisance by putting in a pipe. It was resolved on motion of Mr. Frankfield that the attention of the Zanja Committee be drawn to the nuisances existing west of Main street.

After ordering several bills paid the Board adjourned.

A NEW ROLE.

Gen. Vandever Does a Little Detective Work.

Yesterday afternoon a HERALD reporter dropped down to the First ward polls to see how the contest for Councilman between Messrs. Vickrey and Gibbs was going. While there Gen. Wm. Vandever, whose false claim to a seat in Congress is being contested by Mr. Lynch, was seen to walk through the mud and across San Haskins, a colored man who polishes boots at the corner of San Fernando and Sotelo streets, and who is as well known as any member of the colored brigade in Los Angeles, Sam and the General walked off and in about fifteen minutes returned to a spot near the polls and separated. Sam came up to the HERALD reporter and said: "See me an' de General combiniat' I've gittin' up in de world all de time. De General axed me 'I sold my vote on election day. I said 'No, sah; I voted, sah, de straight Republican ticket, sah, an' we't 'I saw anybody else sell his vote, and I said 'No.' I told him de Republicans had plenty of money down beach on election day, but Sam talked to make de combination. I axed him if he could shine his boots, I axed him if I in a disgusted way and walked off." General Vandever then went to the Depot Hotel and interviewed the colored porter, Jud Taylor, on what he knew of the being bought or sold. Taylor knew

of no money being used, and so told the General.

It seems a slight lowering of dignity for the General to stoop to such work, but that is not the worst feature of the business. He will keep on until he gets some poor fellow to swear that he sold his vote, and that same poor fellow will be indicted, tried and convicted of perjury, and when he starts to San Quentin he can say, "General, thou hast done it."

Police Commissioners.

The Police Commissioners met yesterday afternoon and transacted the following business:

Petition of J. N. Harthorn for wages for twenty-seven days in Month of March. Granted.

Petition of L. Morris & Co. for permission to erect a clock corner Spring and Temple. Referred to Chief of Police for investigation.

Resignation of P. W. Deckman accepted.

Moved and carried that J. E. Morris be appointed in Deckman's place. The Chief of Police was requested to instruct all officers to enforce the ordinance in regard to driving cattle through the streets.

Work's porter strengthens and tones the system. The best malt liquor.

The Illustrated Herald.

A full supply of the ANNUAL HERALDS
are now on hand. Newsdealers and others
should avail themselves at once to send in
their orders. No better evidence of South-
ern California's advantages could be sent
to Eastern friends.

News Notes.

Several fine brass cannon arrived yes-
terday for army headquarters.All street cars are now required to
stop before crossing a steam railroad.B. C. Ferris, who assaulted Fred Mi-
namen some time since, was held to an-
swer yesterday in \$15.00 by Justice
Austin.Dr. Kurtz reports that Miss Win-
stansley, who was hurt in the late ac-
cident on the San Gabriel Valley road, is
improving.Carrie Clauson, who lives on San Pe-
dro street, lost her little self at the flower
festival last night and was taken to the
police station.A. Brook, a saloon-keeper, was arrest-
ed last night on a charge of assault, for
putting F. P. Spear, who was drunk,
out of his saloon.On the inside of the HERALD this
morning will be found the report of the
Court of Inquiry into Major Russell's
conduct of the Eagle Corps funds.The Building Committee on the new
City Hall met yesterday afternoon, Mr.
Franklinfield in the chair. No business
was transacted and it adjourned for one
week.Seven citizens of Los Angeles who
own land on the north side of Antelope
valley, will leave to-day for Rosamond
and from there take teams and go out to
view their landed possessions.Martin Lehman, who is endeavoring
to secure subscriptions sufficient to in-
duce the great National Opera Com-
pany to come here is succeeding very
well, and has about one-third of the
necessary amount subscribed.The fourth social of Royal Oak Lodge,
No. 220, Sons of St. George, was given
last night at Good Templars' Hall. The
programme, consisting of music and
readings, was very entertaining and was
followed by refreshments and dancing.Judge O'Melveny yesterday said,
when endeavoring to select a jury, that
it is a binding duty for a citizen to serve
on the jury. He hoped he would not
have to discharge the best men from the
panel and take the worst, as is usually
the case in the courts, simply because
the best men will not serve.Mr. Bliss gives the rainfall for the
late storm at 1.64 inches; Mr. Dacom-
mun at 1.40. This is a very good rain
for the farmers and insures a fine crop
of grain, but wheat yesterday took a jump,
and J. J. Mellus sold 1200 tons of that
staple, which he had at San Diego. This
shows the confidence of this long-headed
grain dealer in the coming crop.One of the men working for C. W.
Francis, the contractor to grade the
New High street property of Mr. P.
Beaudry, met with a distressing accident
yesterday. He was helping to erect a
chute on the side of the hill, when a
great mass of the surface ground toppled
over, fell upon him and when he was
extricated it was found that one of his
legs had been broken. He was taken to
the county hospital.Mr. H. M. Alexander, a prominent
merchant of New York, came to Califor-
nia a few days ago to be present at the
nuptials of his son and Miss Hattie
Crocker. This gentleman, and his fam-
ily, came on a short trip to Los Angeles
in his private car, and Thursday night
was seized with a severe hemorrhage of
the nose, and the bleeding became so
copious that Dr. Kurtz was sent for.
The discharge continued until noon yes-
terday, when Dr. Kurtz succeeded in
checking it. Mr. Alexander and family
will leave for San Francisco to-day.Personal Mention.
B. A. Stephens, of the Pomona Pro-
gress, is in the city.Harry Lee will leave for Rosamond
to-day to look after his little farm.Rev. Father Flanagan, of Ireland, a
brother of Mr. T. J. Flanagan, is visit-
ing this city.Mr. J. J. Owen, formerly editor of the
San Jose Mercury, now of the San Fran-
cisco Golden Gate, gave us a call yes-
terday.Mr. C. P. Thurston will leave to-day
for Rosamond, in Antelope valley, where
he has a large mercantile business. Mr.
Thurston will extend his trip to San
Francisco.E. C. Schnabel, the enterprising and
genial representative of the Fredericks-
burg Brewing Company, has arrived in
Los Angeles, and will remain here in the
interest of his firm.E. R. Cleveland, city editor of the
Evening Express and one of its proprie-
tors, will leave to-day for San Francisco
on a two weeks trip. Mr. Cleveland
has been a very hard worker ever since
he became connected with the evening
paper of this city, and constant hard
work for over two years has to a certain
extent rendered a change of climate and
recreation necessary.STABBED IN THE STOMACH.
A Drunken Row in the First
Ward.Last night Phil Traub, a runner for
the Pico House, and John C. Moore, a
member of the White Cocks and Waiters
Protective Association, became involved
in a drunken row over the election
which occurred yesterday in the First
ward. The were in the White Elephant
saloon and during their quarrel they
clashed and fell, Moore on top. While
in this position Moore pulled out a
pocket knife with a long blade, and
stabbed Traub in the abdomen, inflicting
a wound which may prove serious.
Officers Reel and Hill appeared on the
scene and arrested Moore and conveyed
him and Traub to the city prison. Moore
was charged with assault to murder and
Traub was taken to the Pico House.
Moore was quite drunk and Traub as he
lay on the prison floor was unable to
recall what had happened. He
knew he was hurt and that was about
all.

FIRST WARD ELECTION.

Mr. Gibbs Defeats Mr. Vickrey
For Council.Yesterday the special election for
Councilman in the First Ward took
place. The Democrats placed in the
field Mr. Wm. Vickrey, of East Los An-
geles and the Republicans named Mr.
Gibbs. The voting was, considering all
things, very lively and 458 votes were
polled, which is a very large vote for a
special election. The ward was divided
into two precincts, one at the Southern
Hotel, where Gibbs received 121 votes
and Vickrey 77 and the other at the
East Los Angeles Hotel, where Gibbs
got 122 votes and Vickrey 138. This
elected Mr. Gibbs by a majority of
28 votes. One peculiarity of the election
is that at the Southern Hotel precinct
which is generally Democratic, the Re-
publican candidate had a majority and
as the East Los Angeles precinct, which
is Republican, the Democrat got the
most votes.

Better Accommodations.

More Pullman palace cars are now arriv-
ing via the Santa Fe route, which are to
be used between Los Angeles and Kansas
City to accommodate the increased travel
east bound. This company is also running
daily emigrant tourist cars direct from Los
Angeles to Kansas City.

Who Will be the Lucky One

To win the lot at Garvanzo given away by
Lewis Bros One-Price Boot and Shoe House?

In Town and Hamlet

The seeds of infestation and billions re-
mittent fever germinate and bear evil fruit.
No community has altogether escaped it.
In populous wards of large cities bad se-
werage causes it, and in their suburbs stag-
nant pools in sunken lots breed it. There
is at once a want of means of preven-
tion. Its name is Hostetter's Stomach Bitters.It is, without peradventure, the
most potent and safe medicine to the ma-
larial virus. Fortified with this incompar-
able, saving specific, miasmatic influences
may be checked with absolute impu-
nity. Disorders of the stomach, liver and
bowels, begotten by miasma-tainted water,
or any other cause, succumb to the bene-
cent corrective named, and rheumatic, kid-
ney and bladder troubles are surely remon-
ishable by its use when it is given a persistent
trial.A NASAL INJECTOR free with every
bottle of Shiloh's Catarrh Remedy. Price 50
cents. C. F. Heinemann, agent, Los Angeles.

DIED.
